## **Ahead of Print policy**

Articles published online under the Ahead of Print model are considered published and can be cited and quoted using the DOI as the reference source. Wolters Kluwer Medknow has a policy that changes will only be made after the publication of an article following accepted procedures for making corrections to the scientific record.

**Advertisements:** While advertisements are crucial to this journal to be able to keep all content free for everyone, ethical considerations are in place to ensure the integrity of the journal and its content:

**Online access:** The journal's full text is online at [www.annals.in](http://www.annals.in). The journal would allow free access (Open Access) to its contents, likely attracting more readers and citations to articles published in ACA. Authors do not have to pay for the submission, processing, or publication of articles in ACA; articles can be submitted online from [www.journalonweb.com/aca](http://www.journalonweb.com/aca)
