## Message from the President

It is a matter of immense pride, honour and privilege for me to address the esteemed members of the Indian Association of Cardiovascular Thoracic Anaesthesiologists (IACTA) in the capacity as its President. I offer warm greetings from the city of Chennai to all distinguished faculty members and colleagues of the IACTA.

I would like to place on record my sincere appreciation and admiration for the extraordinary efforts of the previous leadership team under Dr. Suresh Nair, whose dedication and vision elevated IACTA to great academic and organizational heights. I would like to specially acknowledge the remarkable theme championed by the previous team - Women Empowerment. This initiative highlighted inclusivity, leadership, and the invaluable contributions of women in Cardiovascular and Thoracic Anaesthesiology, leaving a lasting impact on our fraternity.

The last conference held at Vishakhapatnam was a true example of academic enrichment - it was exceptionally well organized and supremely well coordinated, reflecting meticulous planning, teamwork, and commitment to excellence. It is truly prestigious and humbling for me to assume this responsibility of President on such a strong and inspiring platform created by my predecessors.

As we move forward, my focus will be directed toward further strengthening academic standards and global recognition of the IACTA and FTEE examinations. Enhancing the quality, structure and outreach of these flagship academic programs will remain one of my foremost priorities.

I am delighted to announce two international collaborations IACA ( Limited free membership) , ACTACC under Prof. Gudrun Kunst, which I strongly believe will further enrich our educational endeavors and international academic exchange.

The remarkable growth of IACTA has been possible primarily because of the tireless efforts and extraordinary organizational skills of our Honorary Secretary, Dr. Kumar. Under his dynamic stewardship, several important committees have been constituted and streamlined, including:

- Bylaws Committee • Membership Committee • Conference Guidelines Committee • Grievances Committee
- IACTA Guidelines Committee • Database Committee • Regional Branch Coordination Committee • Janak Mehta award Committee

These initiatives have laid a strong administrative and academic foundation for the future growth of our society.

I must also acknowledge with great pride the outstanding contributions of our academic wings:

- ICCA under the leadership of Dr. Satyajeet Mishra
- ACA guided by Dr. Mukul Kapoor
- IEL led by Dr. Hemamalini

Their passionate commitment to academics, training, and professional excellence continues to keep the flag of IACTA flying high, both nationally and internationally.

Whilst the organizing team is actively progressing with the identification and planning of the next conference venue, the Scientific Committee is equally engaged in meticulous preparations for the forthcoming conference proposed to be held in Kolkata in 2027.

As we embark on this new journey together, let us continue to work with unity, vision, integrity, and academic passion to further strengthen IACTA as a globally respected professional body dedicated to excellence in cardiovascular and thoracic anaesthesiology.

"Less proclamation, more performance; true excellence speaks through achievements."

Long Live the IACTA!  
Thank you. Jai Hind.

President, Indian Association of Cardiovascular Thoracic Anaesthesiologists

## Message from the Editor, ACA

The popularity of the Annals of Cardiac Anaesthesia has been on the rise after its Clarivate Analytics Impact Factor rose to 1.3. The number of submissions to the journal has risen, and, based on current projections, we expect 450-500 submissions in 2026. IACTA has decided to increase the journal's publication frequency to bi-monthly, i.e., six issues per year, to reduce the waiting period for publication after acceptance of the article.

It was also decided to introduce an article processing charge (APC) for submissions w.e.f. July 2026. The IACTA General Body has approved charging Rs 8000 (or USD 100) APC for Review Articles, Original Articles, and Case Reports, and Rs 4000 (or USD 50) for Letters to the Editor.

The charge will be collected on acceptance of the article for publication.

**Dr. Mukul Kapoor**

Editor, ACA
